OFFICE OF THE PRESIDENT

April 10, 2014

Mr. Gary Wilson
Director of Sales Americas
Turf & Track Division
APT

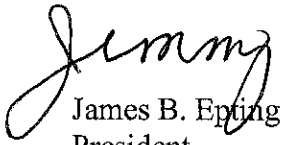

Dear Gary:

We want to thank you and APT for working with North Greenville University in helping us finalize our plans for a turf lacrosse field, a turf softball field, and track. You and your staff have done an excellent job in sharing the expertise of your company to provide first-class facilities. We are excited, to say the least, about the future completion of our new facilities.

In addition, you have done a superb job in sharing our options concerning costs and being willing to negotiate an excellent deal. Also, the extra options provided by you made our partnership even better.

Without any hesitation I can recommend you and your company to others. If anyone needs further information, encourage them to contact me. Take care and may God bless and keep you

always,

James B. Epting
President
